

This style is often characterized by a back to basics theme. Wood is plentiful and used though in a matching specie and stain. Often in a warm color pallet these kitchens feature mostly oak cabinetry in a golden stain, or a dark finish. Many suburban houses built in the mid to late twenty century fit comfortable into this category. Neutral and Muted Colors. Basic Light Fixtures and Shiny Metals. Occasional Wall Coverings, Mixing of Textures.

Grounded in form and function, **Arts & Crafts kitchens** rely on a natural look with a strong emphasis on craftsmanship. Recessed panel doors with thick frames are dominant; consider letting the doors into the frame by using flush frame cabinetry. For an interesting accent, contrast the finishes or woods of the frame against those of the door and panel. Neutral colors found in nature. Rich Stained woods, Clean, strong lines. Stained glass windows and lighting fixtures - Mullioned glass doors
