

INTEGRATED INTERIORS

total interior wood solutions for home builders and remodelers

CABINETS / MILLWORK / ACCESSORIES / CLOSET & GARAGE ORGANIZERS
By Bayer Interior Woods

Bring unified style and craftsmanship to your residential home projects with our integrated collection of custom cabinetry, coordinating millwork and distinctive accessories.

DISTINCTIVE DETAILS MAKE THE DIFFERENCE

Streamline construction with one partner for all your interior wood needs and ensure a consistent design aesthetic throughout your interiors.

Custom Kitchen Cabinetry

We offer both contemporary frameless and traditional faceframe cabinetry in versatile custom configurations to fit every decor and price point. Our wide selection of wood species, colors and finishes provide limitless options to you and your buyers.

Coordinating Millwork

Exquisite custom moldings, doors and grand stair systems complement a variety of design styles and are available in the same splendid woods and finishes as our custom cabinetry.

Signature Hardware + Accessories

Decorative cabinet knobs, pulls, interior door hardware and elegant bath accessories lend a unique finishing touch to living spaces.

Space-Efficient Closet Organizers

Our custom-crafted floor mount and wall mount closet organizer systems feature superior strength and versatility. Available in an array of wood grains and colors.

Durable Garage Cabinets

Featuring the same strength, versatility and wide selection as our closet systems, our customizable garage cabinets are made from premium quality materials for long-lasting beauty and performance.

PREMIUM QUALITY + GREAT VALUE

Whether you need efficient cabinetry for standard floor plans, or a custom layout for every home, trust Bayer Interior Woods for premium quality, flexible support and great value. Only we can bring you the cost-efficient convenience of a turn-key solution for your entire interiors—and the added value of a unified look throughout the home.

PROVEN PERFORMANCE

With over a decade of experience working with residential and commercial contractors, we have the capabilities and resources to meet your demanding delivery and installation timelines.

- 4000+ dwellings completed, including many fully custom buyer-selected layouts
- 100,000 sq. ft. manufacturing facility with capacity to ensure reliable, on-time delivery
- Community of skilled woodworking professionals deliver high-quality craftsmanship at competitive pricing

"We count on Bayer Interior Woods as our sole cabinet supplier. Not only do they build a darn good cabinet, they have the capabilities and resources to meet our demanding timelines."

*Douglas E. Marquart Jr.
Riverdale Ventures Legacy LLC.*

FLEXIBLE SERVICE + SUPPORT

We handle the details with precision, taking the burden off your shoulders.

Planning + Design Service

A dedicated Bayer Interior Woods customer representative can meet with your buyers to guide them in making their cabinetry style and design selections.

Easy Alterations + Quality Installation

Count on us to incorporate design changes quickly to keep your project on track. Quality installation gives you confidence the job will be done right.

Three Convenient Selection Centers

Three selection centers in Minneapolis, Hopkins and Sauk Centre, Minnesota showcase our versatile product options, providing inspiration and guidance in a low-stress atmosphere to help buyers make good decisions.
